Profile

Experimental neuroscientist with an MSc (Distinction) in Brain Sciences from the University of Glasgow, specializing in cognitive neuroscience and empirical memory research. Experienced in programming and executing controlled multifactorial cognitive experiments (PsychoPy) and eye-tracking paradigms (iMotions). Trained in advanced regression and Bayesian analyses (R) and computation using MATLAB. My research interests include mapping the neural bases for memory processes in the human brain.

Methodological & Technical Skills

- **Statistical analysis:** R (proficient), SPSS (proficient), MATLAB (intermediate), Python (intermediate)
- **Statistical techniques:** Bayesian and Advanced Regression Modelling in R (brms)
- **Experimental software:** PsychoPy (experienced), iMotions Eye-tracking Software (experienced)
- **Reproducible & Open Science tools:** OSF pre-registration, Preprints, PRISMA-ScR systematic review methodology
- **Languages:** English (C2/Proficient - IELTS 8.5), Hindi (Mother tongue)

Academic Publications & Manuscripts

Peer-reviewed Publications:

Aggarwal, D., Naik, J., & Lindquist, D. H. (2025). Biphasic model of addiction: Neurobehavioral adaptations. *Current Behavioral Neuroscience Reports*, 12(1). https://doi.org/10.1007/s40473-025-00314-0

Aggarwal, D., Zhang, K., & Bartlett, J. (2026). Debunking decreases mistaken causal inferences: A direct replication of Irving et al. (2022). *Replication Research*, 2. https://doi.org/10.17879/replicationresearch-2026-10085

Under Peer-review:

Aggarwal, D., & Smith, P.J. Intentional Forgetting of Autobiographical Memories: Current Neuroimaging Evidence and Moving Towards an Integrationist EEG-fMRI Approach. Preprint available at: https://doi.org/10.31234/osf.io/45brz_v3

Aggarwal, D., & Lindquist, D. H. Internet Browsing Behaviour and Its Influence on Cognitive Processing in College Students. Preprint available at: https://doi.org/10.31234/osf.io/9qnaj_v1

Aggarwal, D., Gupta, A., Tyagi, K., & Bhatia, D. Personal memory in the digital age: A scoping review of social media posting effects.

Research Experience

Research Intern | O. P. Jindal Global University, India | Remote 05/2026 - Present

- Supervisor: Dr. Kanika Malik | Funding: Wellcome Trust & King's College London
- Project: 'METROPOLIS (Mechanistic Trial of Problem Solving and Behavioural Activation for Depression)'
- Engaging in psychometric assessment, statistical analysis and data visualization from the testing phase of the project.

Research Assistant | Emotion and Cognition Research Centre, JSPC, India | Hybrid 06/2024 - 06/2026

- Supervisor: Dr. Divya Bhatia | Funding: O. P. Jindal Global University
- Project: 'Personal Memory in the Digital Age: Scoping Review of Social Media Posting Effects'
- Led a scoping review following PRISMA-SCR guidelines; developed Boolean search strings, led dual-stage screening and data extraction across Scopus and PubMed.

Teaching, Mentorship & Open Science

Director of Research Initiatives | Tertiary Education Advisors (TEA) | Remote 01/2026 - Present

- Involved in the development of the Trishul Research Lab initiative - India's first collaborative research mentorship opportunity for high school and undergraduate students.
- Responsible for auditing the lab's governing academic policy and compliance with international research standards.
- Responsible for coordinating with a multi-disciplinary and international cohort of academic mentors.
- Offering one-to-one mentorship for high school and undergraduate students in research design, academic writing, and manuscript development. Guidance ranges from ideation to publishing within psychology and neuroscience.

Reviewer for Open Science Curriculum | Framework for Open and Reproducible Research Training (FORRT) | Remote 09/2025 - Present

- Contributed to international initiatives promoting transparent and reproducible research practices.
- Reviewed educational materials promoting open science, pre-registration, and reproducibility in research.

Conferences & Presentations

Oral Presentation: "Associative Asymmetry in Episodic Memory: An Experimental Study on Directional Biases in Recall Using Picture Sequences" | **1st Prize** 09/2025

3rd Annual Student Research Conference, Jindal School of Psychology, Sonipat, India

Poster Presentation: "The Two-Stage Neuropsychological Model of Addiction: A Review" 12/2023

Brain and Behaviour Conference, Bengaluru, India

Poster Presentation: "Social Media, Affective Experiences, and Mental Health of Young Adults in Northern India" | **2nd Prize** 09/2023

3rd Annual Student Research Conference, Jindal School of Psychology, Sonipat, India

Education

MSc Brain Sciences | University of Glasgow, United Kingdom 09/2024 - 08/2025

- Grade: Distinction
- Scholarship: India Merit Scholarship worth £5000

BA (Hons.) Psychology | O. P. Jindal Global University, India 08/2021 - 08/2024

- Grade: CGPA 8.0/8.0 | Gold Medal - 1st position in cohort
- Scholarship: Savitri Jindal Merit-cum-Means Scholarship (2021-2024)
